Travel grant renewed for rural Alaska veterans accessing health care

ANCHORAGE, Alaska – The U.S. Department of Veterans Affairs renewed a transportation grant in the amount of \$225,000 to the State of Alaska Office of Veterans Affairs to provide transportation options to veterans residing in five rural areas who need to travel to health care services.

“Last fiscal year, this grant reached out to over 8,032 veterans in rural areas. Our transportation partners transported Alaska’s veterans over 220,000 miles and over 67,000 nautical miles round trip for free. We provided the first step in ensuring our veterans in some of our rural communities have access to quality care,” said Verdie Bowen Sr., director of the State of Alaska Office of Veterans Affairs.

The following five boroughs will continue to receive free transportation for veterans: Denali, Matanuska-Susitna, Kodiak Island, Kenai Peninsula and Prince of Wales-Hyder. Veterans living in those communities qualify to use an array of transportation options so that they may seek the health care they need.

The Alaska Department of Military & Veterans Affairs partnered with five transportation organizations to meet those needs: Interior Alaska Bus Line (Denali Borough), Valley Mover (Matanuska-Susitna Borough), Alaska Marine Highway System (Kodiak Island Borough), AAA Alaska Cab, Inc., (Kenai Peninsula Borough) and Inter-Island Ferry System Authority (Prince of Wales–Hyder).

Transportation continues at no cost to veterans requiring access to the VA Medical Clinic or Community Based Outpatient Clinics, hospitals under the Native Health Care Sharing Agreement or VA authorized vendors, such as pharmacies or medical specialists until all funds are expended for that area.

“I encourage veterans in each of the boroughs identified to contact our transportation partners for schedules and locations for pick up and drop off,” Bowen said. “The renewal is a great victory for our highly rural veterans.”

The Office of Veterans Affairs has named the grant the Maurice “Mo” Bailey Highly Rural Transportation Grant in honor of the late Mo Bailey. He served in the U.S. Army from 1956-1976 and committed his life toward helping veterans. Bailey was dedicated to rural and urban outreach, providing veterans rides in his aircraft to access care and services, to distributing food boxes to veterans in need. Bailey was always there to serve and was the 2007 recipient of the Governor’s Veterans Advocacy Award.
